

U.S. Department of Energy

Oak Ridge Office

Job Opportunity

This is an opportunity for a two-year physical science internship under the Federal Career Intern Program with the Department of Energy, Oak Ridge Office (ORO), Office of the Assistant Manager for Environmental Management. The position is located in Oak Ridge, Tennessee. Throughout the internship you will participate in a formal training program and job assignments to develop competencies applicable to DOE's mission and needs. Upon successful completion of the internship, you will be eligible for noncompetitive conversion to a permanent appointment. **U.S. Citizenship is required.**

This position is perfect for new professionals who are looking for excellent benefits, including the potential for ongoing medical benefits after retirement.

Major Duties: The selectee will receive progressively responsible duties leading to the complete range of physical science and project management activities, including review and approval of contractor plans for accomplishing work. These plans will detail goals and objectives, work breakdown structure, detailed scope requirements, detailed schedules, risk management approach, milestone descriptions, budgets, and staffing requirements. The selectee will also complete DOE's Technical Qualification Program and perform safety oversight functions. During the internship, the selectee will have the opportunity to participate in the ORO Mentoring Program and will be expected to travel with teams to assist in the evaluation of various sites and facilities.

Qualifications: Applicants must have a degree in physical science, engineering, or mathematics that included 24 semester hours in physical science and/or related engineering science such as mechanics, dynamics, properties of materials, and electronics. Applicants will be required to submit proof of meeting the qualification requirement. For a more detailed explanation of qualifications, please see: <http://www.opm.gov/qualifications/Standards/IOs/gs1300/1301.htm>

Salary: With a B.S. degree and no experience, this position starts at **GS-5, \$31,315 per year** or **GS-7, \$38,790 per year**, dependent upon GPA. With an M.S. degree and no experience, the starting salary is **\$47,448 per year**.

Benefits: Benefits include flexible work schedules; 401(k) style retirement savings and investment plan; paid vacation, holidays and sick leave, health, dental, vision, life and long term care insurance; and regular salary increases.

How to apply: Email your resume to dubedm@oro.doe.gov. Please put "Application for Physical Science Intern Position" in the subject line of your email, or fax your resume to (865) 576-9190. Resumes should be submitted no later than Friday, November 5, 2010.
